& PRIOR	& OLDER	12											
For assets acquired prior to the year of the category's lowest percent good, use the category's lowest percent good. For example, an 8 year asset acquired in 1993 would use 11 percent good to calculate the value.		Flight Simulators	Billboards . TAD utilizes a 40 year life. Though not included here, a copy of this percent good schedule may be obtained by contacting us at 817-284-9101. Aircraft . TAD references the Aircraft Bluebook Price Digest to estimate the market value of Business Aircraft . Commercial Aircraft are valued using AVITAS and the Airliner Pricing Guide .										X-Ray Machines
		Cell Site Towers											X-Ray Machines
		Cell Site Shelters											Gas Pumps
		Storage/Gas Tanks											Golf Carts
			Bank Vault Doors & Safe Deposit Boxes										

*These are the standard depreciable asset categories on TAD Rendition Forms 1300A & 1300B. To report and value other asset types please refer to the classifications above and complete TAD Schedule E - Form 1300E then attach it to your rendition. This document does not apply to 'Inventory' items such as Raw Materials, Goods In Process, Finished Goods, Merchandise, or Supplies. To estimate Depreciated Value using this schedule, multiply an asset's Historical Cost by the Percent Good that corresponds to its Year Acquired and Typical Life Expectancy.
